

Master's in Management - MiM

Full-time | In-person | Baltimore, MD | 9 months
Part-time | Online | ~15 months

The MiM program is designed for recent graduates and early-career professionals who are ready to advance their careers.

Program benefits:

- Graduate with a strong understanding of core business principles.
- Develop the interpersonal and leadership skills that set top leaders apart.
- Cutting-edge curriculum that prepares you to confidently lead in today's technology and AI driven world.
- Customize your experience with an elective track in AI for Management, Analytics for Management, Leadership or Entrepreneurship.

Experiential Learning Course Highlight:

- Strategic Brand Management: Explore strategic brand management in Paris through real-world projects, gaining insights into how leading companies build, position, and grow globally recognized brands.
